CHANGES BEING MADE—In order to make room for the four doctors in Hamlin Clinic, the hospital lobby has been closed to the public and is being used as office space. Here, from left, Alta Brown, Nell Lewis and Linda Parker, hospital employees, are moving in equipment and making adjustments to the temporary setup. The east entrance to the hospital on Northwest Avenue F and the lobby there now serves both the hospital and clinic. Billie J. Speck, administrator, said, "All space in the present building is being used as efficiently as possible to accommodate clinic and hospital needs. We do not want to inconvenience anyone, but this is a part of progress." Plans are for a doctors clinic to be built and then extensive remodeling of the hospital as called for in two bond issues passed by voters.

TO OPEN SEPT. 26—

United Way Sets Budget, Names Fund Drive Heads

Hamlin United Way Executive Committee set the date for the annual fall fund raising campaign and adopted the budget for the coming year.

Mrs. Roy Pritchard was named general fund drive chairman by Joe Ford, president of the local fund raising organization. Kickoff date for the 1977-78 campaign with a goal of \$14,000 will be Sept. 26.

Others named by Ford include: Sammy Ferguson, Mrs. Howard Mehaffey, and Luther Haught — co-chairmen of Advance Division; Larry McCoy and Davis Weaver — co-chairmen of Farm Division; Pat Willoughby, Gregory Lievan and Ken Prewitt — co-chairmen of Business Division.

Mrs. Melvin Scott, Mrs. Luther Haught and Eddie Marentes were named co-chairmen of Employee Division; Milburn Wink, School Division; and Hamlin Senior Citizens, House to House Division. Mrs. Johnny Waldrop is in charge of the School Poster Contest and Bob Craig, Mrs. Pritchard and Mrs. L. C. Bonds will be in charge of publicity.

A \$14,000 goal for the

coming fund drive was set by the board of directors at their general meeting in April. Working with that goal, the executive committee adopted the following budget:

Arthritis Foundation, \$300; Cystic Fibrosis, \$500; Birth Defects, \$350; West Texas Rehabilitation Center, \$2,000; Cancer Research, \$750; Salvation Army, \$1,000; Heart Research, \$350; Summer Recreation Program, \$800; Summer Baseball Program, \$1,500 (Boys Little League,

\$650; Girls Little League, \$650; and Teenage League, \$200);

Hamlin Child Care Center, \$2,200; Scouting \$2,250 (Boy Scouts, \$750; Girl Scouts, \$750; local scouting, \$750); Hamlin Stock Show, \$750; Hamlin Senior Citizens, \$500; campaign expenses and Texas United Community Services, \$390; and book-keeping salary, \$360.

In announcing the budget, Ford expressed the desire for the community to take a serious look at the 17 agencies benefiting from the United Way. "This is one time giving and this is a people helping people situation," he said.

It was pointed out by the executive committee that the campaign last year only raised 95 percent of its goal and that the United Way was unable to pay the full amount pledged to several of the agencies.

The group expressed the hope that the 1977-78 campaign will go over the top with 100 percent pledged.

AARP to Meet Tonight At 6

Homemade ice cream and cakes will be served at the American Association of Retired Persons business meeting at the Jaycee Building today (Thursday) at 6 p.m. Guests are invited.

Plans for the new building to be the Senior Citizens Center will be discussed. Officers of the association said, "We have big hopes and dreams to be accomplished for our elderly people here in Hamlin. We wish that every citizen of our town would give us a donation for the Center.

LIKE MOST TEXAS COUNTIES—

Jones County Facing Jail Remodeling Job

Apparently, Jones County is no different than most counties across Texas in that the county jail will not meet the new Texas Jail Standards.

The county commissioners have hired an architect firm to make a study of the present jail and to make recommendations to meet the new jail standards.

Broussard and Rosser of Abilene were to meet with county commissioners this week to go over the needs and to make recommendations. The present jail was built in 1942 and was considered one of the best in the area at the time. Now, under the new standards, it is deficient in several major instances.

The county has \$85,000 in its permanent improvement

fund but it is not known if this will be sufficient for the work. "We may have to take some money out of the general fund," County Judge Leon Thurman said last week.

Present thinking is to build an addition to the present jail. Just how large this will be will depend upon what other action is taken.

Major complaints about the jail is that the cells are too small, the women's and the juvenile cells are not isolated from the others and the kitchen and office spaces are not adequate.

In addition, the jail is not air conditioned and the standards call for temperatures to range from 65 to 85 degrees. A new rear exit must be constructed and an innercom system installed so

that prisoners can communicate with the office at all times.

In an interview with Roy Craig, Stamford American publisher, Sheriff Woodrow Simmons said regulations call for 40-inch corridors in the cell area and those in the Jones County jail are just 36 inches. "We think we can get a variance here and not have to make any changes," he said.

"Our kitchen is too small and our equipment does not meet standards. We must have stainless steel and we must use a cook or cooks who have health certificates."

The sheriff explained that prisoners are used as cooks and sometimes there might be as many as three or four different cooks in a week.

"It appears our best bet is going to be to hire a cook to prepare breakfast and lunch and sandwiches for the evening meal. We must serve three meals a day under the new standards."

The sheriff also said apparently there will have to be a deputy on duty at all times to man the radio and to be available to answer calls from the prisoners.

At the present time, quarters are provided in the jail for the jailer. These could be used for the women's and juvenile wards and the jailer provided housing elsewhere, the sheriff said.

Present capacity of the jail is 46 but if cell space were to be increased to comply with the regulations this would be reduced to 16.

Office space has always been at a premium in the jail and records are now jammed in all the available space, even what was originally intended as an interrogation room. The fingerprint and identification room is part of the woman's rest room. The holding or "drunk" cell now in two parts can be made to care for two prisoners by removing a door, the sheriff said.

"Basically, our jail is sound. We have never had a jail break. True, prisoners have escaped but they came downstairs and went out an unbarred window," the sheriff said. "We can do a lot of paper work and through seeking variances can reduce the number of objections considerably," he said.

Football Workouts Start Monday

The Hamlin Pipers, defending Bi-District Champions, will open workouts here Monday morning, according to Coach Bill Grissom. All boys who will be in grades 9 through 12 this fall, and wish to play football, are to report for workout Monday morning.

Two workouts each day next week are scheduled for 8 a.m. and 6 p.m., Grissom said.

All boys are required to bring their completed physical forms when they report Monday. Blanks may be acquired at the coaches' office, Grissom said. All football boys were scheduled

to receive their shoes Wednesday.

Coach Grissom told the Lions Club Tuesday that he expects from 55 to 60 youngsters to come out this year at the high school level. He is currently planning to play a three team schedule with freshmen, junior varsity and varsity. He also said that there will be both a seventh

and eighth grade schedule this year.

The boys will work out in shorts the first four days in accordance with University Interscholastic League rules and will then don pads on Friday of next week. An intrasquad scrimmage is planned for Saturday, Aug. 13.

The first full scale scrimmage will be held here Friday, Aug. 19, with Colorado City. The Wolves are rated to win their AA district and Grissom said that this should be a good early test for this year's squad of Pipers. The following week the team will travel to Merkel for their second scrimmage.

The regular season will open at Stamford on Friday, Sept. 2, and the first home game will be here with Anson on Friday, Sept. 16. The first district game will be with Munday on Sept. 30. The homecoming game will be Oct. 8 with Haskell.

Coach Grissom told the Lions that he would have six offensive starters back from last year and four on defense. He added that all of those returning on defense were out of the secondary and that the defense would need a lot of rebuilding. He said he expects the team's strength to be its offense with experience, good size and speed.

McCaulley Sets School Opening

McCaulley students will report for the first day of school one week later than previously scheduled due to the new state law brought about by the special session of the Texas legislature as part of the new school finance bill.

School for the McCaulley students will now start on Monday, Aug. 29 according to Edd R. Farmer, superintendent.

All students are asked to report to school on Wednesday, Aug. 24, for registration. Students entering school for the first time are asked to bring their birth certificates and immunization records to the registration.

Holidays on McCaulley's 1977 school calendar include: Labor Day, Sept. 5; Thanksgiving, Nov. 24-25; Christmas, Dec. 22-Jan. 2; Easter, March 20-24 and four teacher workdays or in-service days—Oct. 24, Nov. 23, Feb. 27 and March 17.

TO 20¢ ON NEWSSTAND—

Subscriptions To Increase Sept. 1

The subscription and newsstand price of The Herald will increase Sept. 1, according to Bob Craig, publisher.

Following the trend across the state, The Herald newsstand price will go to 20 cents at that time. This will be an increase from the present 14 cents, plus one cent tax to 20 cents and no tax. This past session of the Legislature took the tax off of newspapers, effective Sept. 1.

The "in area" price for the Herald will increase from \$6.30 (including tax) per year to \$7.00 (no tax). The "in area" price includes all subscriptions going to Jones, Fisher, Taylor, Stonewall, Haskell, Shackelford and Nolan counties. The out of area, but in Texas, price will increase from \$7.35 to \$8.00

and the out of Texas price will increase from \$8.00 to \$9.00 per year.

"We regret this increase, but with continually rising costs we find it unavoidable. Second Class postage just took another 20 percent increase, newsprint and other materials used in the publication of the Herald continue to go up almost daily," Craig said.

"On top of this, Congress is apparently in the process of increasing the minimum wage which will mean another increase in labor costs at all levels of the payroll," he added.

Classified advertising rates will also increase Sept. 1. "But to help offset this increase," Craig said, "we will lower the minimum word count from 20 to 15 words and increase the discount for

consecutive insertions." "Because of the high cost of bookkeeping and billing, we will continue with our 'cash only' policy, except for established, regular accounts," Craig said.

The new rate will be 10 cents a word for the first insertion, or a minimum of \$1.50, but the second and additional insertions will be offered at a package rate when paid for at the time of the original order. The minimum for two weeks will be \$2.40, the minimum for three weeks will be \$3.30, the minimum for four weeks will be \$4.20. When extended by the week, each additional insertion will be 8 cents a word or a minimum of \$1.20.

Other advertising rates will be adjusted accordingly Sept. 1, Craig added.

For some strange reason, our society shies away from calling a spade a spade. We rename janitors into building superintendents, ditchdiggers into maintenance operators, and flunkers or goof-offs into under achievers.

The other night on television we heard an educator from the Regional Service Center discuss the new school finance bill and how it would affect the area schools. He kept talking about how it impacted them. Now we think he was telling us how much or how little monies the area schools were going to get and how much affect the new bill would have on them, but at times in his conversation we were not sure.

We have been around educators for a number of years in our role as a newspaper editor. Through our efforts to cover board meetings, school activities and school finances, we have had more than a passing contact with them and find

Natural gas does far more than heat your home!
GAS FIRES THE BRICK THAT OUR CONSTRUCTION INDUSTRY WILL NEED TO BUILD A STRONGER ECONOMY.

As the building industry goes, so goes much of our economy. And the benefits of construction starts are all the greater when locally manufactured materials are used. Because more of the money stays at home to create more jobs.

Brick manufacturers in the Lone Star service area employ more than 10,000 people in making, distributing and selling brick. Many of these jobs depend directly on natural gas as the most efficient and economical source of heat for firing the brick.

Temperatures in the kilns run as high as 2,600 degrees F. the year around, and this takes a lot of gas. Brick plants served by Lone Star require more than 1.6 billion cubic feet annually. Now, with so many jobs at stake in this one industry alone, future gas supplies must be considered.

It's time to build job security.

Vast basins of natural gas, yet untapped, are crossed by Lone Star's pipeline system. A fact that puts Lone Star in one of the most favorable buying positions of any gas company. But, with steadily rising prices, the new gas will be expensive.

The risk is that companies in energy-short areas of the nation could wind up with the lion's share of these reserves as they are developed.

Buying enough gas to last this area far into the 21st century adds up to one inescapable fact. Both you and Lone Star will have bigger gas bills, because Lone Star cannot make the purchases without a fair return on the necessary investment.

But we're ready to invest in this area's future. If you are.

Lone Star Gas Company
Working energetically for your area's future.

Two Divisions For Fair Art Exhibits Planned

The Jones County Fair Art exhibits will be in two divisions, non-professional and professional, it was announced this week. John Crump, Maxine Rodgers and Donald Blankenship are superintendents of the show.

The following classes will be exhibited:

Landscapes, Mrs. James Blanton, assistant; Still Life, Mrs. Cynthia Cox; Florals, Hixie Newcomb; Non-objective; 5, Portraits, Mrs. John Farnsworth; Collages, Mrs. Rena Bailiff; Sculptures, Mrs. Donald Blankenship; Figures, Ella Mae Hayes; Animals, Mrs. Ruby Jones; Other, Nell Box Bennett.

Several business concerns in the county have set up purchase awards for the County Art Show.

Jones County Fair entries for the women's and youth and the art divisions are due Wednesday, Aug. 10 from 1 to 5 p.m. according to Nacy Wilburn, county extension agent. Baked goods and fresh arrangements are due Thursday morning, Aug. 11, at 9 a.m.

FIFTY YEARS AGO
(August 5, 1927)

It is said there is always room for improvements. That is true. That is what D. J. Payne thinks, along with a number of others in Hamlin.

Just east of the Post Office is a filling station, run by the Neidecken Brothers. It has been in operation for a long time, but not so as to drive in for service. Cap Payne, the owner has overhauled this station so as to make it one of the drive-in-out-of-the-street kind. Besides fixing up a more convenient place for the Exide Station there is still another good feature. A very appropriate location and arrangement has been constructed for a tailor shop, and W. W. Collier's establishment has taken up quarters there. Collier has a real nice place, with plenty of east windows, office room, cleaning plant and everything right there under one roof.

The building formerly occupied by Collier and the Ladies' Rest Room is being overhauled for what is said to be a new picture show. This building was constructed by H. B. Foreman several years ago and was used for sometime as the Mutual Theatre building. B. S. Ferguson is the present owner.

Miss Edwina Gilbert entertained with a Sunrise Breakfast last Thursday. A delicious breakfast was served to the following: Misses Gladys Warner, Fanie Pearl Magee, Chattie Walker, Carrie Johnson, Alva Ruth Walker, Edwina Gilbert and Messrs. Gerald Morgan, Coy Magee, Arlie Casale, Leon Gray, Henry Albritton, John Boyd.

Miss Lulan Vaughan and Mrs. Gilbert fried the eggs.

Hamlin Rotary Club met this week in the Methodist Church basement for the first time since the organization. This week was the fourth meeting.

Sometime between now and September the first, Hamlin Rotary will receive its charter and on that occasion it is planned to have visitors from all the nearby clubs present.

TWENTY YEARS AGO
(August 1, 1957)

Hamlin's all star Pony League baseball team took a 10 to 4 licking from the Childress entry in the first game of the area playoff at Childress Monday night. The team is composed of picked players from the four Pony League teams that completed the summer play last week.

Mike Bond started for Hamlin and gave up four runs. He was relieved by Lanny Ford in the fourth inning. Cecil Robinson and Wesley Cummings led Hamlin's offensive with two hits each.

A boy for Mr. and Mrs. Don Elmore was the first baby to be born in the new east wing addition at the hospital. He arrived July 2 and tipped the beam at nine pounds one ounce. Randy David has been assigned to the youngster.

Bryant Conner, president of the Hamlin Fire Department, left Sunday for Texas A & M College, where he is attending the annual firemen's short course training school.

Mrs. Weldon Johnson, Mrs. Joe Norton, Mrs. Harold Williams, Mrs. D. W. Stell and Mrs. Fred Smith, teachers in the Hamlin Primary School, will leave Sunday for Alpine to attend the annual short course of the Texas Association for Improvement of Reading.

Formal opening and open house of the recently occupied \$60,000 east wing addition to the Hamlin Memorial Hospital has been set for Sunday afternoon, August 25, according to hospital association officials.

In charge of the open house arrangements are Mrs. Charlie Gregory and Mrs. John Scarborough, wives of members of the board of directors of the hospital association.

TEN YEARS AGO
(August 3, 1967)

Football workouts for the Pied Pipers will start here Wednesday, Aug. 9, for all sophomores, juniors and seniors, according to Youngblood, head football coach. The boys will report to the fieldhouse at 9 a.m. and be issued their football shoes.

Coach Youngblood said this week that he

is expecting about 60 boys to be out for football this fall and will have ten returning lettermen back with four starters on defense and four on offense.

Attending twirling school this week at Southern Methodist University are Margaret Cooper, band majorette; Linda Bailey, Wendy Russell and Marilyn Fudge, all Pep Squad twirlers.

Jayne Turner has been appointed as a delegate to the Fifth Annual Texas Youth Conference to be held Aug. 17-20 on the University of Texas campus.

The three day meet is sponsored by the privately financed Texas Law Enforcement and Youth Development Foundation in cooperation with the Hogg Foundation for Mental Health, the Sears-Roebuck Foundation and other private Texas Foundations.

Basis for selection of delegates is leadership, scholastic achievement and extracurricular activities.

Jayne, vice president of the National Honor Society here, is being sponsored by the Rotary Club to the 1967 Conference.

T. C. Blankinship, vocational agriculture teacher here, will be given special recognition for outstanding work in the field of publicity at the Vocational Agriculture Teachers meeting in Dallas, Aug. 7-11.

Awards are provided by the association in recognition of the outstanding work done in each of the areas with the news media in publicizing the various activities of Vocational Agriculture, young Farmers and Future Farmer Work.

Hamlin will again be recognized when the Hamlin Herald, will be honored with the Distinguished Service Award. Bob Craig is publisher.

And What Have You

--Continued from Page One

their terminology changing constantly.

And the more professional they are, the harder they are to understand.

We feel sure that as long as they are communicating among themselves it is no problem but their number one role in their profession is to communicate with the rest of us.

One of the hardest jobs we have is to convert their news stories or news releases into something that we can understand and explain to the general public.

All professions seem to have their own in-house language, but educators, especially, need to leave this language at their workshops and in-service training sessions and talk to the rest of us a language that we can understand. That or supply us with an up-to-date dictionary of the educators' language.

We used to think that the exceptional child was the one with a high IQ or with exceptional talents. But then one day we found that the educators referred to the exceptional child as anyone different than the normal, average student, whether their IQ was exceptionally high or low. Now this may not create much of a problem for them but it confuses the heck out of the rest of us.

And if the average educator uses the same language to talk to their students as they do the public, then it is no wonder the student has a problem learning. The term he learns this year will be out of date next year.

This was the big thing about the New Math, as our youngest son said in the second grade, "its the same old math with just bigger words."

"I DON'T SEE ANYTHING"

THERE IS ONLY ONE WAY TO SEE THROUGH A CAMERA

Did you ever try to look through a camera from the front side? Yes, most of us have . . . out of curiosity . . . but we would not even consider trying to take a picture in such a manner. There are many though, who go through life never giving themselves a chance to really see God. In order to see God, one must look at him through faith. Attend church regularly, seek God where others can help direct you in your search for God.

"So then faith cometh by hearing, and hearing by the word of God."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

PREVENT FIRES BEFORE THEY START

IT'S UP TO YOU

Most people don't think about fire prevention until it's too late. Sure you keep an eye out for obvious hazards. Everybody does. No one would "let" their child play with matches, or throw a lit match into a waste paper basket. But what about hidden danger areas? And carelessness? Like putting a penny in a fuse box, or letting trash pile up. Fires can happen anytime... anyplace. That's why individual prevention programs are so vital to minimizing their cause.

Each of us can reduce the threat of fires... the tragic loss of lives and irreparable damage they incur... by being alert to the rules of fire safety and practicing them. It's up to you, you and YOU!

- In the home: Practice fire drills with your family. Keep a fire extinguisher in a handy place.
- On your property: Check electrical wiring. Watch for trash build-ups. Take care when disposing of chemical containers, aerosol cans.
- In the forest: Be extra careful when smoking and extinguishing cigarettes. Snuff out campfires completely. Don't litter.
- Everywhere: Obey fire laws and "no smoking" signs. When driving, keep clear of vehicles carrying highly flammable contents.

ON DISTRICT COURT—

County Officials Still Waiting On Governor

Jones County officials along with a number of interested parties are still waiting for Gov. Dolph Briscoe to make the appointments for the newly created 25th District Court. County officials say that if Jones County is selected as the "home base" of the court, some remodeling must be done in the court house.

The new court comes into being on Sept. 1 and several men from Jones and Shackelford counties are in contention for the office of judge or district attorney.

Jack Willingham, local attorney, and Jones County Judge Leon Thurman appear to be the primary contenders for the new district judgeship. While Shackelford County Judge Quay Parker has been mentioned as seeking either the judgeship or the District Attorney's post.

Apparently, the only other candidate for the attorney position is Jones County Attorney Raymond Hollabaugh of Stamford.

Judge Thurman said last week that inasmuch as the new court will handle county court cases also, there no longer would be a need for the

present county court room and this space could be remodeled for the judge's quarters and space for his secretary and court reporter.

District Clerk W. L. McDonald said there would be little friction in changing cases from the present 104th District court to the new one. No new filing would be required. He would become clerk of the new court.

No hint has come out of Austin yet as to when Gov. Briscoe plans to make these appointments.

Funeral Service

Held Monday for Rip Blackwell, 69

Funeral for Virgil King (Rip) Blackwell, 69, was held Monday at 2 p.m. at the McCoy Chapel of Memories with the Rev. Audley Neagle, pastor of Southern Hills Baptist Church of Abilene officiating.

Mr. Blackwell, a resident of Hamlin for 66 years, died at 8:32 p.m. Saturday after suffering an apparent heart attack.

Mr. Blackwell was born Aug. 16, 1907, in Trent and moved to Hamlin at the age of three. A retired construction worker and a veteran of World War II, he had been an employee of the Texas Highway Department. He was a member of the Veterans of Foreign Wars.

Survivors include three sons, Eddie Blackwell of Abilene; Jimmy Blackwell of the Philippines and Larry Blackwell of Fort Worth, and eight grandchildren.

Burial was in the East Hamlin Cemetery under the direction of McCoy Funeral Home.

Pallbearers were Raymond Scifres, Tucker Newland, Grady Smith, Skipper Smith, Bill Harbert and Bill Moore.

State Occupation Taxes Show Big Increase

AUSTIN—Comptroller Bob Bullock said Thursday that revenue from 10 Texas occupation taxes has grown a remarkable 133 percent in the past five years, reaching a total of nearly \$1 billion in 1976.

Bullock said the increase was led by the oil and gas production taxes, which leaped from a combined total of \$306.2 million in 1972 to \$793.7 million in 1976.

Oil and gas production taxes account for 80 percent of all occupation tax revenue in the state, he said. The Comptroller noted that

during the five-year span, gas production taxes rose 219 percent and oil production taxes 125 percent.

Bullock said occupation taxes are levied on the privilege of engaging in certain businesses in the state. His report on occupation tax revenue growth was contained in the Comptroller's July financial statement.

The monthly report noted that May state revenues totaled \$803.8 million, bringing total receipts during the first nine months of fiscal 1977 to \$5.2 billion, a 12 percent increase.

The biggest chunk of the increase, the Comptroller said, was a \$391.9 million jump in sales tax collections, which are running 15 percent ahead of 1976 levels.

State spending during May totaled \$587.8 million, boosting total expenditures thus far in fiscal 1977 to \$5.06 billion, a three percent increase.

Bullock concluded that the state closed out its fiscal year at the end of May with a cash balance of \$1.5 billion.

Other Rolling Plains PCA directors attending include John Paul Perrin, board vice chairman, Haskell; W. J. Boykin, Northfield; Winfred C. Mann, Clarendon; and W. H. Williams, Spur.

R. C. Cobb, Rolling Plains PCA president who will accompany the group, said conference participants will bring directors up-to-date on farm financing at the state and national level and on activities and philosophies of the Federal Intermediate Credit Bank of Houston, source of most PCA loan funds.

Rolling Plains PCA has loans outstanding of approximately \$33 million to area farmers and ranchers in Briscoe, Childress, Collingsworth, Cottle, Dickens, Donley, Foard, Hall, Hardeman, Haskell, Jones, Kent, King, Knox, Motley, Shackelford and Stonewall counties.

DeKalb Field Day Planned Here Tuesday

The Noel Weaver Farm, seven miles south of Hamlin will be the site for a DeKalb Field Day Tuesday, Aug. 9, at 5:30 p.m. sponsored by Pied Piper Mills of Hamlin, Mitchell's Feed Store of Anson and DeKalb.

The farm is on FM 126 one and one-half miles north of Highway 180. All farmers are invited.

Federal Land Bank to Lower Interest Rates

Joe Harper, Manager of the Federal Land Bank Association of Haskell, announced today that The Federal Land Bank of Houston will reduce the interest billing rate on variable rate loans to 7 1/2 percent. This reduction will be effective on August 1, 1977, and will affect \$1.04 billion in variable rate

loans to 18,036 Texas farmers and ranchers. This billing rate change will be effective on both farm loans and rural residence loans.

The variable rate loan was introduced by the Houston Bank in July, 1969 and provides for the rate to fluctuate with the variation in the cost of money. A more favorable money market has made this billing reduction possible. Harper stated, "This continues to demonstrate the Bank's policy to furnish credit to Texas farmers and ranchers at the lowest possible cost consistent with sound business practices."

Dinner Saturday

A dinner Saturday evening at Oak Grove Baptist Church will be served by the Sunday School Department. Plates are \$2.25 each and the public is invited.

The menu will include fried chicken, roast, peas and carrots, broccoli and rice, fruit salad, Louberta's hot rolls, assorted pies and iced tea. Serving starts at 5:30 p.m. in Fellowship Hall.

Omar Burleson To Announce Future Plans

WASHINGTON, D. C. — At 10:00 o'clock, Tuesday morning, August 9, Congressman Omar Burleson will hold a press conference at the Windsor Hotel in Abilene, at which time he will announce his future political plans. The public is invited.

The Rev. and Mrs. Leo Scott, Mr. and Mrs. Bill Cork, Mr. and Mrs. Ben Curry, Maudie Paige, Louberta Maxwell and Pearl Hunter attended the West Texas Baptist Association meeting in Wichita Falls Aug. 26-29.

Mr. and Mrs. Tim Lewis of Snyder are parents of a boy, Tony Mikael, 8 lbs. 3 1/2 oz., born July 28 at 3:20 p.m. in D. M. Cogdell Memorial Hospital in Snyder. Paternal grandparents are Mr. and Mrs. Ed Lewis and maternal grandparents are Mr. and Mrs. Troy Gruben of Roby. Maternal great-grand-

parents are Mr. and Mrs. G. M. Bond of Hamlin and paternal great-grandparents are Mr. and Mrs. O. G. Harvey and Mr. and Mrs. J. O. Lewis of Hamlin.

Visiting in the home of Mr. and Mrs. Andy Bundas this weekend were his brother, John Bundas of Kirkwood, N. Y. and his daughter Susan Bundas of Arlington.

Philosopher Comes to Defense of Financial Expert Whose Own Finances Are Tangled

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One examines a peculiar problem this week which he claims isn't peculiar.

Dear editor: Newspaper and magazine columnists have been having a good time snickering at the director of the Office of Management and Budget,

Bert Lance, because, while his job is to help bring sound business principles to the Federal government, his own personal finances are in a mess. He owns three homes, including a 40-room mansion, and while his net worth on paper is over 2 million dollars, he has debts of over 5 million. Also, he has 200,767 bank shares, which are now worth a lot less than he paid for them with borrowed

money. How, the columnists are saying, can a man with that much trouble with his own finances be expected to do much for the government's finances? That has nothing to do with it. Once more the columnists have missed the boat. For example, how many agricultural experts do you know who could make a living farming? How many

economists have you heard of who got so smart about predicting economic trends they went into the stock market on their own and got rich? How many weather forecasters have been caught in a rain without an umbrella? How many Congressmen can write a bill without the help of their hired staff? How many politicians can write their own speeches? How many school ad-

ministrators can speak correct English? Is Jimmy the Greek willing to bet his money on all the odds he's always giving out? Can the presidents of the big car companies make a car the muffler won't fall off of? How many philosophers can follow their own philosophy, if they've figured out what it is? How many parents would be comfortable if they thought their kids were going to do

everything they did when they were young? Or even now? How many editors...I'm running out of space. Sure, Bert Lance's personal finances seem tangled, but his financial statement shows liabilities of over 5 million dollars and assets of nearly 8 million, for a net worth on paper if nothing goes wrong of 2½ million, and while that's a lot of debt and may be a little shakey,

THE HAMLIN HERALD

have you ever stopped to think what the Federal government's financial statement would look like?
